Chain bolt press T100

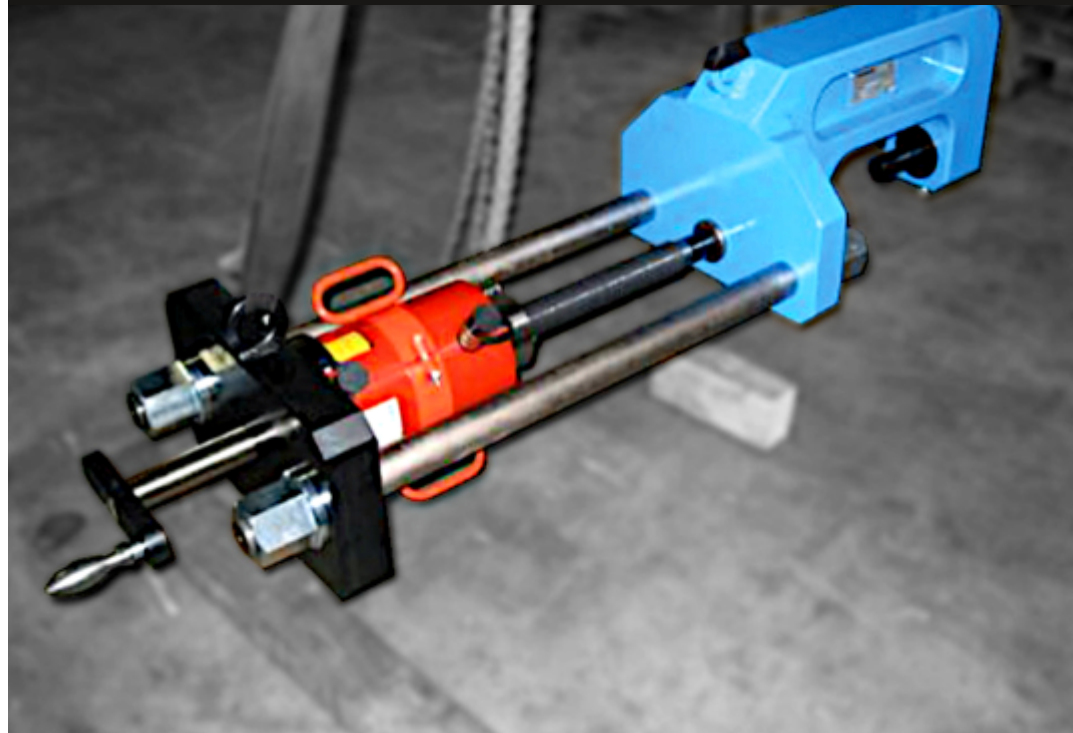

So that nothing stops, when it counts

The **tool** makes the difference

The T100

Easy handling - Flexible use - Adjustable pressure - Robust design

Made in Germany

Chain bolt presses

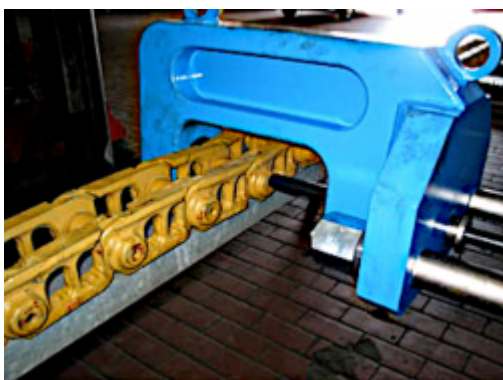

Eichenhofer Engineering **makes the difference**

Chain bolt press T100

Technical Data

For pressing bolts out of crawler chains

- Highly tempered material
- Robust steel frame made of CrMo4 Alloy with high resistance to deformation
- Pin surface hardened
- Lightest design of our T-Series
- 100 t press force
- Pressure adjustable 70 to 100 bar
- Pressure bolt diameter: 26 mm, 31 mm, 34 mm, 42 mm, 48 mm
- Cylinder stroke 150 mm
- Manual valve 4/3
- Adapter connection for crane or forklift
- Including stable transport box made of sheet steel for forklift transport
- Made in Germany

Available as mechanical version with transport box or as complete set with hydraulics and mechanics.
